OUTSTATE MICHIGAN TROWEL TRADES PENSION FUND REPORT OF SUMMARY PLAN INFORMATION

2013 Plan Year

Contribution Schedule and Benefit Formula Information

Contribution rates are established under various Collectively Bargained Agreements. During the 2013 Plan Year, the negotiated contribution rate varied by Local Union and area of work. (The negotiated rate ranged from \$3.67 to \$6.42.) **For information regarding the current contribution rate refer to the relevant Collectively Bargained Agreement.**

As set forth more fully in the Fund's Plan, benefits are based on a percent of Credited Employer Contributions made or required to be made to the Fund on a Participant's behalf. Future benefits accrue at a rate of 1.7 % of the total Credited Employer Contributions made, or required to be made, to the Fund during Plan Years where the Participant works at least 500 Hours of Work (one dollar and eighty-two cents (\$1.82) of the total Employer Contribution was non-credited for each Hour of Work). Benefits have been calculated at various rates for different periods of participation. A complete history of rates can be found in the Plan.
